Dear Ms. Lopez,

Thank you for your cooperation in our effort to provide the requested information. I have enclosed a listing of the various associations in which Piatt County officials are members. The dues payments are listed as well. Please note that the data only goes back to the year 2007. The reason is that our computer program only goes back to 2007. The data for 2005 and 2006 is kept in another location. Piatt County does not engage the services of any lobbyist or legislative liaison, however, it is my understanding that most of the listed associations do engage such services.

Again, thank you for your help and cooperation. If you need additional information from Piatt County, please contact me. Kindest regards.

Yours very truly,

Dana Rhoades
